Area A Section Chief

赤嶺 栄人 (Late 20s)

Eito Akamine

Liberal arts degree. Star sign Leo.
Blood type O. 183cm / 6'0"

Transplant to Tokyo. Only child.
Single mother household.

Joined the company the same year as Utsumi. A proud man and a hard worker, he rose quickly to section chief by means of his natural dynamism and decisiveness. He has powerful likes and dislikes, but since he has a strong sense of responsibility and is a natural caretaker, he is viewed with adulation by a number of his colleagues... or so he thinks. Incidentally, while a great admirer of the arts, he has zero artistic talent himself.

↑ "Menacing Cat" drawn by Akamine.

Interests: The outdoors, reading, art appreciation.

Strengths: Physical activity, cooking (or so he thinks).

Favorite foods: Booze, cigarettes(?), meat.

Least favorite foods: Anything spicy or bitter.

Average sleep time: 5 hours (**Not** a morning person)

Dislikes: Monotonous tasks, people who throw their weight around, people with constantly changing opinions, dark or boring people.

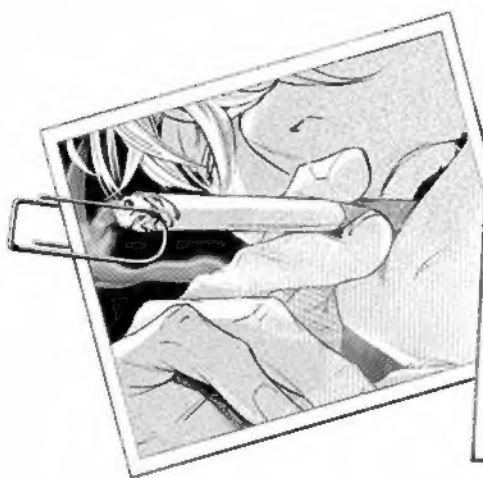

Worries: Next year's health checkup, being feared by new graduates entering the company, his scalp (because of his hair texture).

Habits: Speaks his mind, acts independently, gets nosy when he's bored, hums when he's in a good mood, doesn't talk about the things worrying him.

School clubs: Judo, karate, etc.

Clothing: Owns more suits than casual clothing.

Favorite type: Someone open and upbeat, a good listener, someone a bit foolish despite being smart and well educated, boobs.

Area A Deputy Section Chief (Area B Senior Staff)

内海 曳斗 (Late 20s)

Eito Utsumi

Science degree. Star sign Libra.
Blood type AB. 186cm / 6'1"

Native to Tokyo. One older sister.
Wealthy Parents.

Utsumi is a handsome, well-educated, wealthy, and charismatic man... or such was his conceit. But his life changed drastically once he developed his twisted infatuation with Akamine. He swore to himself and his nether regions that they would one day take revenge against Akamine, and ever since then, he has been going to the gym on his way home - so as not to fall short of him in terms of physical power - as well as doing anal sex image training.

When he finally encountered Akamine again, he told himself, *"Tonight I will use all the training I have put myself through to subdue him and pin him down —After I get him good and wasted."*

Interests: Video games of all kinds, cars, the hunt.

Strengths: Memorization, programming.

Favorite foods: Avocado salad, ice cream.

Least favorite foods: Dehydrated foods.

Average sleep time: 7 hours (Early riser).

Dislikes: Pointless effort, overly emotional people, loud talkers.

Worries: His dry skin, his low alcohol tolerance, the fact that he really wants to do things his own way and have people like him.

Habits: Assigns numerical scores to people, spends too much time worrying about his partner's opinions of what he does, tries to say what his partner wants to hear, meticulous in strange ways.

School clubs: None (Went to cram school).

Clothing: Wears high quality clothing that looks good on him. Makes himself presentable even on days he's not seeing anyone.

Favorite type: Someone smart with a good body, someone centered and boldly straightforward, someone who won't tie him down.

1 AKAMINE'S EATING HABITS.

Akamine is not a morning person, so he usually has just a protein shake or similar for breakfast. For lunch, he gets green tea and a bento box or sandwich from a convenience store. He often drinks vegetable juice, too. He felt more on top of things while living with Saeki, and would sometimes make bento lunches for both of them. But he started getting takeout a lot more once he was on his own.

2 HE ACTUALLY READS A LOT.

He's an unexpectedly avid reader. He usually reads before bed and while on the train, and because of this can converse on a wide variety of subjects. He prefers finding new books in stores, rather than ordering them online. Since the company dorms are small and don't have a lot of room for books, he usually sends the books he's finished reading to his parents' house, or gives them to his juniors at work.

▲ The shelves are stacked with recently purchased novels and business books.

3 AN UNEXPECTEDLY DEVOTED SON.

Akamine sends money home to his parents at regular intervals, and keeps in contact with them. This is not out of loneliness, but from a sense that this is how an adult ought to behave.

4 AKAMINE'S WARDROBE.

He wants to present a good image of himself in public, so whether it's a suit or casual clothes, he never wears anything too cheap looking. At home, though, he'll simply wear whatever is at hand.

His philosophy about housewears is that as long as it covers you, anything will do. No one else is going to see it anyway.

▼ Recently he's gotten far more work suits than casual clothes.

He goes for a simple, cool aesthetic in his casual wear. Rather than what's trendy, he chooses clothes based on how he ideally wants to be seen.

5 AKAMINE AND ROMANTIC LOVE.

He's the type who's slow to heat up and slow to cool down. Until graduating from university, he mostly had casual or only physical relationships, but even then the number of people wasn't too high. When he has a clear favorite, he tends to become more inhibited, not wanting to get hurt or mess things up. Once he likes someone, he becomes wholehearted and earnest, and takes great pains to get closer to them. He is unable to ignore people's emotions and feels a sense of social obligation, not only in love but in all parts of life. For that reason, he tried hard to make up for what he did to Utsumi six years earlier. The reason that he switched permanently to bottoming, despite being a natural top, was because he "didn't want to cause him any more bad experiences," and he "didn't want to deny his partner's way of being."

▲ Due to his guilt about the past, he avoids receiving blowjobs from Utsumi.

6 ANIMAL LOVER.

In chapter 6, it's Utsumi who asks Akamine on a date, but the reason they end up at the aquarium is because he thinks it will suit Akamine's taste. As far as sea creatures go, he particularly likes dolphins, orca, and penguins.

The two of them unable to spend more time at the aquarium after getting soaked at the dolphin show. In the storyboards, there was also a scene where they both get to touch the penguins, but it got rejected as unnecessary...

1 UTSUMI AND PERSONAL RELATIONSHIPS.

He finds it easy to converse with anyone, and since he's a good listener and makes people feel good about themselves, most conflicts around him seem to magically resolve themselves. His contact book is packed full of names, but he can only put faces to about a tenth of them, and doesn't have any close friends. Utsumi likes this part of himself, and doesn't see it as a particular problem, but somewhere inside himself, he wishes there were at least one person he could open up his true feelings to without pretense.

2 UTSUMI AND ROMANTIC LOVE.

Before he met Akamine, Utsumi had never had the sensation of really falling for someone, and mostly started dating people after sleeping with them first. He limited himself to women who would be satisfied with a casual sexual relationship, and neither would ever go over to the other's house. He made a point of always paying the for the hotel.

His temporary apartment and his home base. He invited Akamine over to both

3 HE COMES FROM MONEY.

His parents run a hotel chain and are minor celebrities. He could have gone to work for his their company, but he decided on the current company because he figured that if he went to a company that was beneath his abilities, he would be able to have more time to himself. He felt that getting competitive with others or being a corporate slave simply didn't fit in with his character. And since his life so far had been smooth sailing, he was able to take such things for granted and adopt an easygoing attitude towards life... Until he met Akamine, that is.

▲ In the books, Utsumi occasionally acts in strangely brazen ways, like when he takes Akamine back to a hotel run by his parents.

4 HE SUFFERS FROM DRY SKIN.

Since he often has dinner with superiors or night-time invitations from women, he never skimps on his regimen to deal with his dry skin. He makes sure to drink lots of fluids, always carries lip balm, and keeps hand cream and a nail file in his desk at work. He uses oil on his skin when he gets out of the bath to lock in moisture. Incidentally, he had full body hair removal at a salon when he was still a student, so he grows almost no beard at all. (He figured he could put the time spent shaving to better use.)

5 HE WAS ORIGINALLY A NON-SMOKER.

He never had any inclination towards vices like drinking, smoking, or gambling. But he started smoking the same brand of cigarettes as Akamine after they were separated, and now has gotten so he gets antsy without them.

He started out by holding Akamine's half-smoked cigarettes in his mouth and remembering the sex they had together.

Does he feel the same way?

Q1

What do you like about him?

Rather than good qualities per se, it's more like things I think are cute about him. Like how he's so capable and confident at work, yet if a superior suddenly shoots him down in a meeting or something, he'll throw me this little look like he's begging for my help. That's pretty cute, don't you think?

Q2

What don't you like, or what could be improved about him?

I never know what he's thinking when he does the things he does. He always just listens to other people and never talks about himself. I wish I could tell him to open up more to those close to him, at least.

Q3

Where would you like to go on a date?

There's one place I'm really interested in going to that I've never told anyone about. I'd really like him to take me there some time. But there are lots of other places I want to go, too. I'm not sure what to pick next.

Q4

If he were an animal, what kind would he be?

Probably a cat. He only does things the way he wants to. And he can be sly and cunning, too. Oh, but actually, he's quite the carnivore... So maybe more like a leopard?

Q5

Does he have any sexual secrets?

He said he feels almost nothing at all from his nipples. So I guess there really are people like that... He also seems to really like thigh sex, which can get pretty tiring.

Q6

Is there anything you'd like to ask him for in the bedroom?

Well... It's not exactly something I can ask of him, and if he doesn't want to, that's okay too, but... I'd really like it if he gave me a blowjob now and then.

Q7

What's he like at the point of orgasm?

He has a habit of biting me when he's about to come. It really hurts! But then he gives this little moan in my ear, and somehow I can tell he's rubbing the tip of his dick against my insides as he comes. If I clench up real tight right at that moment... Whew... His reaction is amazing. That's all. <laughs>

Q8

Lastly, anything you'd like to say to him?

I know that you can get along just fine on your own, so there's really no need for me to go out of my way to say this, but... No matter what happens, you can always rely on me. That's a promise.

Thanks for answering our questions!

Does he feel the same way?

CANDID CORNER

Name: Eito Utsumi

Partner: Akamine-san

Q1

What do you like about him?

Hahaha! What do I like about him? Hmm, let's see... I haven't really thought about it. <thinks for a minute> ...Hmm, this is a tough one. Of course, I'm drawing a complete blank. Sorry, I don't think I can answer. <laughs awkwardly>

Q2

What don't you like, or what could be improved about him?

Now for this one of course I've got too much to say. If I really got started, it would take all day. <laughs> Well, to pick one thing... I wish he'd stop leaving the door open all the time. And that he'd close it more quietly. So, that.

Q3

Where would you like to go on a date?

Well, I usually like to choose somewhere my partner would enjoy for a date, so I don't really have many places I'd personally like to go. Plus, Akamine-san always has a clear idea of what he'd like to do or where he'd like to go. So that's better for me too.

Q4

If he were an animal, what kind would he be?

Doesn't he look like a Siberian husky pulling a weird face? Ahahaha, is that too rude?

Q5

Does he have any sexual secrets?

Once when I went over to his new place, I happened to find an anal plug... So I guess he's been doing some practice on his own. ...I'd love to see that. Him using it all by himself.

Q6

Is there anything you'd like to ask him for in the bedroom?

Can I say something kind of awful? I wouldn't say this to him, but I'd like it if he'd... swallow. Also, I think if he'd wear some bondage gear, that would really turn me on.

Q7

What's he like at the point of orgasm?

He usually acts shy during sex, but once he's about to come, he starts moaning louder and moving his hips a lot more, so it's easy to tell when he's close. When he comes, he grabs onto me as hard as he can, possibly trying to keep me from moving... Not that it stops me. <laughs> When I thrust or grind into him mid-orgasm, he starts going into spasms, begging me to stop like he's about to cry... Not that it stops me. <laughs again>

Q8

Lastly, anything you'd like to say to him?

Let's both try to have a good life together... And thanks for everything.

Thanks for answering our questions!
